

SALOOJA BROTHERS PRIVATE LTD.

Balances and Weight Boxes etc. (For Laboratory Use Only)

Cat. No.	Item Name / Description	Brand / Make	Specifications / Reference
14	Chemical balance		For specification, please refer page No. 1
15	Analytical balance		For specification, please refer page No. 1
16	Analytical balance		For specification, please refer page No. 1
23	Triple beam balance, "Parco"	Parco	For direct reading, sliding rider type weights. Three rider type weights slide on three scales covering ranges 100 mgm to 1 gm, 10 gm to 100 gm and 1 gm to 10 gm. Capacity 111 gms, sensitivity 10 mgm.
32 to 35	Spring balance	Parco	Various capacities (For specification & rates, please refer page No. 1 & 2)
54	Analytical weight box	Parco	Brass chromium plated with forcep and 'Quality Mark seal' (Haryana Govt.) in nicely polished case. Capacity 1 mgm to 50 gm
54	Analytical weight box	Parco	Brass chromium plated with forcep and 'Quality Mark seal' (Haryana Govt.) in nicely polished case. Capacity 1 mgm to 100 gm
55	Analytical weight box	Parco	Various capacities (For specification and rates, please refer page No. 3)
56	Analytical weight box	Parco	With our works certificate, various capacities (For specification and rates, please refer page No. 3)
57	Analytical weight box	Parco	Stainless steel, various capacities (For specification & rates, please refer page No. 3)
58	Analytical weight box	Parco	Stainless steel, with our works certificate, various capacities (For specification and rates, please refer page No. 3)
62	Loose gram weights analytical	Parco	Various capacities (For specification and rates, please refer page No. 3)
67	Fractional weights set analytical	-	1 mgm to 500 mgm with 10 mgm rider in plastic round case
68	Fractional weights set analytical	Parco	For specification, please refer page No. 3
71	Riders	-	Aluminium 5 or 10 mgm
72	Riders	Parco	Aluminium 5 or 10 mgm special pack of 10 pieces
77	Forceps	-	Brass N.P. strong, superior
78	Forceps	-	Stainless steel
286	Hydrometer	-	For heavy liquid, individually packed
287	Hydrometer	-	For light liquid, individually packed
293	Universal hydrometer	-	For specific gravity 700 to 2000, individually packed
302	Lactometer	-	Superior individually packed
303	Lactometer	-	Tested, accurate, individually packed
353	Filter pump polythene	-	For specification, please refer page No. 18
354	Filter pump glass	-	For specification, please refer page No. 18
355	Filter pump	Parco	Brass N.P. (For specification, please refer page No. 18)

2. Thermometers

Item No.	Item Name / Description	Brand / Make	Specifications / Reference
785	Thermometer	Parco	Celsius (centigrade) scale, mercury filled. Various range (For specification and rates, please refer page No. 38)
786	Thermometer	Parco	Fahrenheit, mercury filled, various ranges (For specification and rates, please refer page No. 38)
787	Thermometer	Parco	Reaumur, mercury filled, various ranges (For specification and rates, please refer page No. 38)
788	Thermometer	Parco	Celsius (centigrade) red spirit filled, various range (For specification and rates, please refer page No. 38)
789	Thermometer	Parco	Fahrenheit, red spirit filled, various ranges (For specification and rates, please refer page No. 38)
790	Thermometer precision	Parco	Celsius (centigrade) mercury filled, various ranges (For specification and rates, please refer page No. 39)
830	Incubator thermometer	Parco	For specification, please refer page No. 39
831	Incubator thermometer 'L' shape	Parco	For specification, please refer page No. 39
832	Oven thermometer 'L' shape	Parco	Various ranges (For specifications and rates, please refer page No. 39)
833	Low temperature thermometer	Parco	For specification, please refer page No. 39

3. Water Taps and Gas Taps

Item No.	Item Name / Description	Brand /	Specifications / Reference
3001	Bib tap	-	Brass, Chromium plated, inlet screwed male and outlet fitted with riffled nozzle, Leakproof
3003	Gas taps - 1 way	-	Gun metal oxidised pillar mounted flanged base screwed female and flanged, drilled for fixing screws, leak proof
3003	Gas taps - 2 ways	-	Gun metal oxidised pillar mounted flanged base screwed female and flanged, drilled for fixing screws, leak proof
3003	Gas taps - 3 ways	-	Gun metal oxidised pillar mounted flanged base screwed female and flanged, drilled for fixing screws, leak proof
3003	Gas taps - 4 ways	-	Gun metal oxidised pillar mounted flanged base screwed female and flanged, drilled for fixing screws, leak proof
3004	Gas tap single, pillar mounted	Parco	Gun metal, corrosion resistance black finish colour, flanged base screwed 1/4 inch BSP female and flanged drill for fixing screws. Tap plug a 3 mm bore, leak proof. Individually packed.
3005	Gas tap, double, pillar mounted	Parco	Same as Cat No. 3004, but with 2 taps mounted at 90°
3006	Gas tap, double, pillar mounted	Parco	Same as Cat No. 3004, but with 2 taps mounted at 180°
3007	Gas tap, triple, pillar mounted	Parco	Same as Cat. No. 3004, but with 3 taps mounted at 90°
3008	Gas tap, double, pillar mounted	Parco	Same as Cat No. 3004, but with 62 mm tail screwed 1/4 inch BSP male with back nut and washer for bench surface and locating square on under side of undrilled flanged. Individually packed.
