

SALOOJA BROTHERS PRIVATE LTD.

Category: Clamps & Boss Heads

Cat. No.	Item Name	Description / Specifications
3380	Burette clamp (holder) Fisher type 'Parco'	For supporting one burette (upto 100 ml). Provided with a positive grip and release. Comprising light weight but mechanically strong body with brass nickel plated jaws rubber covered having spring action which effect a positive grip without obscuring the graduation. A single thumb screw secures the clamp to rod of nominal 13 mm diameter. The clamp frame surface is finished with stove hammer grey finish. Individually packed.
3381	Burette clamp (holder) Fisher type 'Parco'	Same as Cat. No. 3380, for supporting two burettes (upto 100 ml).
3383	Burette Clamp (holder) new design 'Parco'	For supporting two burettes (upto 100 ml capacity). Comprising aluminium alloy light weight but strong body with jaws cork lined having sliding spring action which effect a positive grip without obscuring the graduation. Fitting all metal stand rod upto 13 mm diameter. The clamp is finished with stove hammer grey finish, individually packed.
3390	Clamp	Iron, die pressed, black enamelled.
3404	Retort clamp 'Parco'	For holding burettes and other objects of upto 60 mm. Pressure diecast, out of a light alloy for its strength, cork lined jaws provided secure contract, with plated brass tommy bar adjusting screw and aluminium anodized stem 150 x 8 mm, length x diameter, without boss head.
3406	Retort clamp, cross pattern 'Parco'	Pressure diecast out of light alloy for its strength. Strong for holding objects 100 mm, cork lined jaws provide secure contact, with plant-ed brass tommy bar adjusting screw and aluminium anodized stem 150 x 8 mm, length x diameter, without boss head.
3407	Retort clamp, cross pattern 'Parco'	Same as above but with aluminium anodized stem 250 x 9.5 mm, length x diameter without boss head. Pack of 2 pieces.
3410	Condenser clamps, three finger pattern 'Parco'	For holding condensers and other objects of upto 100 mm diameter. Brass moulded jaws provided secure six point contact; rubber covered having brass adjusting wing nut nickel plated. Without boss head. Pack of 2 pieces.
3392	Clamp	For holding burettes and other objects upto 50 mm diameter. Brass moulded jaws having brass adjusting screw and iron stem. The clamp is finished with grey wrinkle.
3391	Bosshead	Cast iron, black painted with clamping screws.
3393	Bosshead	Cast iron, grey wrinkle finish, can accommodate rods upto 12 mm diameter with clamping screws. Note : Please note bosshead Cat. No. 3391 and bosshead Cat. No. 3393 are suitable for use with clamp Cat. No. 3390 and clamp 3692 respectively.
3407	Retort boss head 'Parco'	Pressure diecast out of a light alloy with offset jaws for its strength. The vee grooves in the body are accurate and give a firm grip on rods upto 16 mm diameter. The clamping screws are of plated brass. Please Note : Boss head 'Parco'. Cat. No. 3407 is suitable for use with retort clamp cross pattern. Cat. No. 3406 and 3408.

3411	Boss head 'Parco'	Cast iron with vees set at right angles to accommodate rods upto 15 mm diameter, black oxidised or nickel plated finish with plated bars. Pack of 2 pieces. Please Note : Boss head 'Parco'. Cat. 3411 is suitable for use with condenser clamps Cat. 3410.
3412	Boss head 'Parco'	Iron, synthetic hammer finish with plated brass clamping screws with tommy bars, suitable for fastening on rods (stands & clamps). fastening cap: stands upto 12.5 mm diameter in mm, clamps upto 12.5 mm diameter in mm, 15 diameter in mm, 18 diameter in mm, 25 diameter in mm.
3385	Burette or retort stand 'Parco'	For burette clamp holder of one burette. Cast iron base rectangular size 225 x 150 mm weight 1.7 kg. white stove enamel finish, with hole. Complete with aluminium anodized rod (750 mm length x 12 mm diameter) one end half round other end machine threaded with washer and hexagonal nut. Without burette clamp (holder).
3386	Burette or retort stand 'Parco'	For burette clamp (holder) of two burettes. Same as Cat. No. 3385 but rectangular base size 300x150 mm. Weight 2.7 kg. without burette clamp (holder).
3405	Retort boss head 'Parco'	Pressure diecast out of a light alloy with offset jaws for its strength. The two vee grooves in the body are accurate and give a firm grip on rods upto 12 mm and other upto 15 mm diameter. The clamping screws are of plated brass. Please Note : Retort boss head 'Parco'. Cat. No. 3405 is suitable for use with Retort camp, 'Parco', Cat. No. 3404.
Cat. No.	Item Name	Description / Specifications
3414	Wire gauzes, asbestos centre	Made from G.I. wire, stout, in squares. Pack of 50 pieces. sides in mm: 125 150
3416	Wire gauzes, asbestos centre, extra stout quality, in squares	Made from G.I. wire, extra stout quality, in squares. Pack of 50 pieces. sides in mm: 125 150
3417	Wire gauzes, asbestos centre (both sides)	Made from G.I. wire, extra stout quality, in squares. Pack of 50 pieces. sides in mm: 125
3458	Cork borers (spare) 'Parco'	For cork boring machine, set of 12, nickel plated steel.
3460	Cork press	Cast iron, synthetic hammer finish mounted on wooden base, for softening corks evenly, by rolling, without increasing the porosity.
3466	Charcoal blocks	Compressed with the help of machine, fine quality charcoal, section 25 mm square, length 100 mm. Pack of 10 pieces.
3450	Cork borers brass 'Parco'	Clearing borer. No. in set of 3
3450	Cork borers brass 'Parco'	Clearing borer. No. in set of 6
3450	Cork borers brass 'Parco'	Clearing borer. No. in set of 12
3452	Cork borers brass 'Parco'	Of hard drawn brass tubing, nickel plated finish with individual handles. With rods for clearing borers. Sizes numbers consequently from 1 upward with each set of 6
3452	Cork borers brass 'Parco'	Of hard drawn brass tubing, nickel plated finish with individual handles. With rods for clearing borers. Sizes numbers consequently from 1 upward with each set of 12

3453	Cork borer sharpner	Plated metal cone with hinged cutter blade set in slot and wooden handle.
3457	Cork boring machine 'Parco'	For boring straight and uniform holes in cork or rubber stopper. Cast iron frame with synthetic rubber/wooden platform to support stopper. has four holes for fixing to bench top if required.
3560	Spatulas, horn	Flat, both sides. Pack of 50 pieces., 125mm
3560	Spatulas, horn	Flat, both sides. Pack of 50 pieces. 150mm
3560	Spatulas, horn	Flat, both sides. Pack of 50 pieces. 200mm
3561	Spatulas, horn	With one end spoon and other end flat. Pack of 50 pieces. (125mm)
3561	Spatulas, horn	With one end spoon and other end flat. Pack of 50 pieces. (150mm)
3561	Spatulas, horn	With one end spoon and other end flat. Pack of 50 pieces. (200mm)
3562	Spatulas, horn 'Parco'	Polished with handle in centre and spatula both ends (flat). Best selected flexible horn. Pack of 10 pieces. (125mm)
3562	Spatulas, horn 'Parco'	Polished with handle in centre and spatula both ends (flat). Best selected flexible horn. Pack of 10 pieces. (150mm)
3562	Spatulas, horn 'Parco'	Polished with handle in centre and spatula both ends (flat). Best selected flexible horn. Pack of 10 pieces. (200mm)
3512	Crucible tong 'Parco'	Stout and thick steel oxidised, with bow and flattened hinge, jaws corrugated inside. Length 150 mm. Pack of 10 pieces.
3513	Crucible tong 'Parco'	Same as above, length 200 mm. Pack of 10 pieces.
3514	Crucible tong 'Parco'	Special quality, stout, mild steel copper oxidised with bow and flattened hinge jaws corrugated inside. Length 150 mm. Pack of 10 pieces.
3515	Crucible tong 'Parco'	Same as Cat. No. 3514, length 200 mm. Pack of 10 pieces.
3520	Crucible tong	Extra thick, brass wire, nickel plated, jaws corrugated on inside. Length 150 mm. Pack of 10 pieces.
3521	Crucible tong	Same as above, length 200 mm. Pack of 10 pieces.
3525	Crucible tong, stainless steel 'Parco'	Stout quality with bow and forged scissor type hinge, polished. Jaws corrugated on inside. Length 150mm
3525	Crucible tong, stainless steel 'Parco'	Stout quality with bow and forged scissor type hinge, polished. Jaws corrugated on inside. Length 200mm
3525	Crucible tong, stainless steel 'Parco'	Stout quality with bow and forged scissor type hinge, polished. Jaws corrugated on inside. Length 300mm
3525	Crucible tong, stainless steel 'Parco'	Stout quality with bow and forged scissor type hinge, polished. Jaws corrugated on inside. Length 400mm
3525	Crucible tong, stainless steel 'Parco'	Stout quality with bow and forged scissor type hinge, polished. Jaws corrugated on inside. Length 450mm
3610	Atomic model set	60 moulded plastic balls of 3 sizes (12 mm, 19 mm and 25 mm) to represent different elements, with 25 lugs which represent valency bond. Packed in strong card board box.
3611	Atomic model set	Same as above in velvet lined box.

3612	Atomic model set 'Parco'	370 moulded plastic balls for 3 sizes (12 mm, 19 mm and 25 mm) to represent different elements with 150 lugs which represent valency bond. Packed in strong cardboard box.
3613	Atomic model set 'Parco'	Same as above in velvet lined box.
3615	Periodic table chart, long form 'Parco'	A multicoloured chart printed on white rexine in size 150 x 110 cms. This self explanatory chart facilitates the complete study of 15 vital physical and chemical properties of 105 elements. This chart is so designed as to clearly demonstrate the periodic recurrence of the properties of the elements to the science students. Separate tables for the study of relationship between electronegativity values and percentage ionic character of the elements have been provided in the chart.
3590	Watch glasses, (pack of 10)	Made from selected thin glass sheet, polished ground edges. Pack of 10 pieces. Diameter: 50 mm, 62 mm, 75 mm, 87 mm, 100 mm, 125 mm, 150 mm)
3591	Watch glasses ' Parco ' (pack of 10)	Made from selected thin glass sheet, polished ground edges. Pack of 10 pieces. Diameter: 50 mm, 62 mm, 75 mm, 87 mm, 100 mm, 125 mm, 150 mm)
3596	Gas jar covers	Ground glass with polished ground edges. Pack of 25 pieces. Diameter: 75 mm, 100 mm, 125 mm
3618	Beaker with spout	150 ml, 400 ml
3620	Flasks round bottom	250 ml, 500 ml., 1000ml., 2000 ml.
3621	Distillation flasks	250 ml, 500 ml., 1000ml., 2000 ml.
3625	Oxygen generator	Made from thick brass or copper sheet with screw cap delivery tube, polished or nickel plated.
3675	Acid pump with bulb	For all type of corrosive liquids, alcohols and oils, stopper is designed specially to fit carboys and bottles conveniently.
3676	Acid bottles rests	70 x 5 mm, 100 x 8 mm
3680	Beakers (Low form with spout)	(Capacity: 30 ml. , 50 ml, 100 ml., 150 ml., 250 ml., 500 ml., 1000 ml., 2000 ml.)
3681	Beakers, covers (watch glasses)	50 mm, 62mm, 75mm, 100 mm

Porcelain Ware		
3760	Basins (evaporating dishes)	50 mm diameter , With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).
3760	Basins (evaporating dishes)	60 mm diameter, With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).
3760	Basins (evaporating dishes)	75 mm diameter, With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).
3760	Basins (evaporating dishes)	85 mm diameter, With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).
3760	Basins (evaporating dishes)	100 mm diameter, With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).

3760	Basins (evaporating dishes)	125 mm diameter, With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).
3760	Basins (evaporating dishes)	150 mm diameter, With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).
3760	Basins (evaporating dishes)	200 mm diameter, With spout, glazed both sides. Pack of 10 pcs (upto 100mm), pack of 5 pcs (125mm to 200mm).
Rubber Ware		
3777	Tiles	100 mm sides, Extra white, glazed one side (top), square. Pack of 5 pieces.
3777	Tiles	150 mm sides, Extra white, glazed one side (top), square. Pack of 5 pieces.
3778	Rubber cone	For gooch crucible, Capacity 25 ml
3779	Rubber cone	For gooch crucible, Capacity 25 ml
Rubber Corks (Rubber Stopper) Solid, resistance to acid, alkali and ammonia.		
3780	Rubber corks	Solid rubber stopper, No. 0 (Bottom 9.0mm, Top 12.5mm, H 16.0mm)
3781	Rubber corks	Solid rubber stopper, No. 1 (Bottom 14.0mm, Top 18.0mm, H 18.5mm)
3782	Rubber corks	Solid rubber stopper, No. 2 (Bottom 13.0mm, Top 16.0mm, H 20.0mm)
3783	Rubber corks	Solid rubber stopper, No. 3 (Bottom 14.0mm, Top 18.0mm, H 21.0mm)
3784	Rubber corks	Solid rubber stopper, No. 4 (Bottom 15.0mm, Top 21.0mm, H 22.0mm)
3785	Rubber corks	Solid rubber stopper, No. 5 (Bottom 17.0mm, Top 22.0mm, H 24.0mm)
3786	Rubber corks	Solid rubber stopper, No. 6 (Bottom 20.0mm, Top 25.0mm, H 25.0mm)
3787	Rubber corks	Solid rubber stopper, No. 7 (Bottom 20.0mm, Top 26.0mm, H 28.0mm)
3788	Rubber corks	Solid rubber stopper, No. 8 (Bottom 21.0mm, Top 27.0mm, H 28.0mm)
3789	Rubber corks	Solid rubber stopper, No. 9 (Bottom 22.0mm, Top 28.0mm, H 30.0mm)
3790	Rubber corks	Solid rubber stopper, No. 10 (Bottom 26.0mm, Top 30.0mm, H 32.0mm)
3810	Rubber stopper hole charges	Solid, hole charges only: For one hole
3810	Rubber stopper hole charges	Solid, hole charges only: For one hole
3810	Rubber stopper hole charges	Solid, hole charges only: For one hole
3810	Rubber stopper hole charges	Solid, hole charges only: For one hole
3811	Rubber stopper hole charges	Solid, hole charges only: For two holes
3811	Rubber stopper hole charges	Solid, hole charges only: For two holes
3811	Rubber stopper hole charges	Solid, hole charges only: For two holes
3815	Rubber tubing 'B' grade	3 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.
3815	Rubber tubing 'B' grade	4.5 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.
3815	Rubber tubing 'B' grade	6.5 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.
3815	Rubber tubing 'B' grade	8 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.
3815	Rubber tubing 'B' grade	9 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.
3815	Rubber tubing 'B' grade	12 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.
3815	Rubber tubing 'B' grade	15 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.
3815	Rubber tubing 'B' grade	19 mm bore, Orange colour soft, suitable for general laboratory application. Coil of 10 metre.

Wooden Ware		
3833	Burette stand	For single burette, Hard wood base. Complete with clamp, fitted with screw. Nicely polished.
3834	Burette stand	For double burettes, Hard wood base. Complete with clamp, fitted with screw. Nicely polished.
3835	Funnel stand	For single funnel, Hard wood base. Complete with holder with screw. Nicely polished.
3836	Funnel stand	For double funnels, Hard wood base. Complete with holder with screw. Nicely polished.
3837	Burette and funnel stand, combined	Combined stand, Hard wood base. Clamp and holder with screw. Nicely polished.
3840	Pipette stand	12 pipettes (Horizontal), For keeping 12 pipettes in horizontal position, made from teak wood, nicely polished.
3841	Pipette stand	Same as Cat. No. 3840 for keeping 18 pipettes.
3842	Pipette stand	For keeping 20 pipettes in vertical position and the support is adjustable. Made from hard wood, nicely polished.
3846	Test tube stand	6 holes and 6 pegs, Hard wood, single row with pegs. Holes 18 mm diameter and one 25 mm hole at each end.
3848	Test tube stand	8 holes and 8 pegs, Hard wood, single row with pegs. Holes 18 mm diameter and one 25 mm hole at each end.
3852	Test tube stand	12 holes and 12 pegs, Hard wood, single row with pegs. Holes 18 mm diameter and one 25 mm hole at each end.
Glass Apparatus (Table Blown) - Burettes & Pipettes		
3862	Burette with pinch cock 'Parco'	25 mm capacity, Made from neutral glass accurately graduated as per N.P.L. class 'B' accuracy. Complete with pinch cock and glass jet. Individually packed in card board box.
3862	Burette with pinch cock 'Parco'	50 mm capacity, Made from neutral glass accurately graduated as per N.P.L. class 'B' accuracy. Complete with pinch cock and glass jet. Individually packed in card board box.
