

SALOOJA BROTHERS PRIVATE LTD.

Category: Dissecting instruments and Lab Tool Kit

Cat.No	Product Description	Material / Finish
3499	Pipette brush, nylon. With galvanised wire handle.	-
3500	Test tube brush, bristle. With galvanised wire handle.	-
3501	Test tube brush, nylon. With galvanised wire handle.	-
3512	Crucible tong 'Parco'. Stout and thick steel oxidised, with bow and flattened hinge, jaws corrugated inside. Length 150 mm.	Pack of 10 pieces
3513	Crucible tong 'Parco'. Same as above, length 200 mm.	-
3514	Crucible tong 'Parco'. Special quality, stout, mild steel copper oxidised with bow and flattened hinge jaws corrugated inside. Length 150 mm.	Pack of 10 pieces
3515	Crucible tong 'Parco'. Same as Cat. No. 3514, length 200 mm.	-
3520	Crucible tong.Extra thick,brass wire, nickel plated,jaws corrugated on inside.Length 150mm.	Pack of 10 pieces
3521	Crucible tong. Same as above, length 200 mm.	-
3525	Crucible tong, stainless steel 'Parco'. Stout quality with bow and forged scissor type hinge, polished. Jaws corrugated on inside. Length: 150mm, 200mm, 300mm, 400mm, 450mm	Pack of 10 pieces
2530	Beaker tong.Thick brass wire,nickel plated,to grip beakers from 100mlto500ml cap	-
2531	Flask tong.Thick brass wire, nickel plated,to grip flasks from 100 to 500 ml cap.	-
3537	Sodium tong. Thick brass wire nickel plated, 200 mm long with cavities at ends.	-
3541	Test tube holder. Thick flat iron wire, bright nickel plated, with polished wooden handle.	Pack of 10 pieces
3542	Test tube holder. Same as above with thick brass wire, plated with polished wooden handle.	-
3550	Test tube holder, cross type. Thick iron sheet, nickel plated with polished wooden handle.	-
3551	Test tube holder, cross type. Thick brass sheet, nickel plated with polished wooden handle.	Pack of 10 pieces
3555	Test tube holder wooden with steel spring.	Pack of 10 pieces

Plant Physiology Apparatus

Cat.No	Product Description	Unit
2691	IMBIBITION PHENOMENON APPARATUS , Apparatus to measure the work performed by swelling seeds. Complete with scale and all parts are mounted on wooden board without weights.	Each
2696	ROOT PRESSURE APPARATUS , Root pressure apparatus. A wide tube with side tube and stopcock. Complete with graduated jar.	Each
2697	ROOT PRESSURE APPARATUS , Root pressure apparatus. Same as above but glass parts made from corning glass except graduated jar.	Each
2699	ROOT PRESSURE APPARATUS , Root pressure manometer. For determining the pressure exerted by the sap flowing from a stem stump. Manometer graduated 0 to 200 x 1 mm, made from corning glass.	Each
2705	OSMOTIC PRESSURE APPARATUS , High pressure manometer Ganong's. Graduated made from neutral glass.	Each
2706	OSMOTIC PRESSURE APPARATUS , High pressure manometer Ganong's. Graduated made from corning glass.	Each
2708	OSMOTIC PRESSURE APPARATUS , Osmotic pressure apparatus for investigating the pressure effects due to osmosis process. Made from corning glass except jar.	Each
2711	OSMOTIC PRESSURE APPARATUS , Apparatus to demonstrate osmotic pressure. Comprising a glass tube having at its end a bell shaped vessel and at its bottom there is a membrane, glass parts made from corning glass except jar.	Each
2712	OSMOTIC PRESSURE APPARATUS , Demonstration osmoscope Ganong's. Made from corning glass.	Each

PARCO INSTRUMENTS – LABORATORY WARE

Cat.No.	Item	Pack
3761	Basins (evaporating dishes) 'Parco' With spout, white colour, glazed both sides; can stand temperature upto 800°C Diameter (mm)	Pack of 10 pieces
3761	Basins (evaporating dishes) 'Parco' With spout, white colour, glazed both sides; can stand temperature upto 800°C Diameter (mm)	Pack of 10 pieces
3761	Basins (evaporating dishes) 'Parco' With spout, white colour, glazed both sides; can stand temperature upto 800°C Diameter (mm)	Pack of 10 pieces
3761	Basins (evaporating dishes) 'Parco' With spout, white colour, glazed both sides; can stand temperature upto 800°C Diameter (mm)	Pack of 10 pieces
3762	Beehive shelves, For use with jar and trough for gas collection (Various Sizes available) Diameter (mm)	Pack of 5 pieces
3763	Buchner funnel, Glazed with fixed perforated plate; individually packed. (Various Sizes available), Inner diameter (mm)	Individually packed
3765	Cavity tiles (spotting plates) glazed, One side (top) with 12 cavities for spot test	Pack of 5 pieces
3766	Clay pipe triangles, With thick G.I. wire . (Various Sizes available) Side (mm)	Pack of 50
3757	Combustion boat 'Parco' Open type; can stand temperature upto 1500°C . (Various Sizes available) Length × width × depth (mm)	Pack of 10 pieces
3758	Combustion tube, Highly refractory material suitable for use upto 1500°C; open at both ends; individually packed. (Various Sizes available) Outer diameter / Inner diameter / Length (mm)	Individually packed
3767	Crucibles with lid, Glazed both sides (Various Sizes available) Capacity (ml)	Pack of 10
3768	Crucibles with lids 'Parco', White colour, glazed both sides; can stand temperature upto 800°C. (Various Sizes available) Capacity (ml)	Pack of 10 pieces
3770	Desiccator plates, Glazed superior (Various Sizes available) Diameter (mm)	Pack of 5 pieces
3771	Hirsch funnel, Glazed with fixed filter plate; individually packed .(Various Sizes available) Top diameter (mm)	Individually packed
3775	Mercury trough Glazed both sides	Pack of 5 pieces
3776	Mortar & pestle, Selected quality, unglazed inside and glazed outside; pack of 2 pieces upto 125 mm; pack of 1 piece (150, 175 & 200 mm) (Various Sizes available) Outer diameter (mm)	Pack of 2 pieces
3774	Porous plate, Unglazed, circular with shallow rim for drying crystal etc. (Various Sizes available) Plate diameter (mm)	Pack of 5 pieces
3777	Tiles, Extra white, glazed one side (top), square (Various Sizes available) Side (mm)	Pack of 5 pieces
